

# Fruitport Library Replacement Millage – May 3<sup>rd</sup>

## Funding for our Fruitport Library

Last fall our community voted to withdraw from the Muskegon Area District Library (MADL). That tax millage has now expired.

The millage proposal on the upcoming May 3 ballot is **NOT an increase**. The .75 mills you have been paying for the past 10 years will go to operate our own library rather than the MADL.

It's listed on the May 3rd ballot as a **new millage**, but **actually replaces** the millage we were paying to MADL.

This funding is needed to keep our Fruitport Library open under our own management as was explained before our vote to withdraw.

Let us know what services are important to you. Keep in mind during this transition process that the benefits of creating and running our own library will be worth it.
