

# Questions & Answers About the Library

Q. Will we still have the large selection of books available?

A. All local libraries, including the MADL, Spring Lake & White Lake libraries have a membership with the Lakeland Library Cooperative, which helps make available the large circulation of books. We will join the Cooperative so we can still access those books/materials.

Q. Where will the Fruitport library be located and when will it be opened?

A. We own the current building by Pomona Park and will continue to use it. We become independent January 1, 2017. We will work hard to be open by that date. If we are not ready to open by that date, we will be able to contract with Spring Lake for a short period until we have our own library up and running.

Q. Will I need a new library card?

A. Yes. All Fruitport library patrons will be issued new library cards.

Q. Will there still be computers for our use? Will we have children's programs?

A. Yes. It is very important that computers are available. We will continue the children's programs and, eventually, hope to enhance them.
