DROP-IN WORKSHOPS

WE WANT YOUR INPUT

The City of Muskegon is in the early stages of updating its master land use plan and would like your input. In November, the City Planning Department will host three workshops to discuss land use, housing/development, parks & open space, street design, lot vacancy, and blight within Muskegon's neighborhoods. * Drafts of the neighborhood plans will be available for review, and staff from the City Planning Department will be present to answer questions and discuss the topics explored in the draft plan. * Each meeting will discuss specific neighborhood issues. See list on the left for what neighborhoods will be discussed on each date. * Please drop in any time during one or all of the meetings to discuss these topics, ask questions, and share your ideas for shaping the future of the city of Muskegon.
